## Our Mission

We assist the poor and those in need of consolation, seeking out and utilizing every resource. Being mindful of the sanctity and dignity of all, any charitable work that advances those goals is within the mission of St. Vincent de Paul.
Letter from our Director

As I write this, February has finally started to behave like it’s Oregon winter. The rain is pounding on the metal roof above my office. That’s good for our lush green northwest environment, but it’s hard times for the folks on our streets who have nowhere to lay their heads. And the forecast is predicting snow.

How our community reaches out to folks in need says a lot about who we are. The Egan Warming Center is a great example of what our community can accomplish through the work of committed, compassionate citizens. The death of Major Thomas Egan, a homeless veteran whose frozen body was found on a Eugene street three years ago, prompted a group of people to say ‘never again.’ These people started a movement to keep our most vulnerable citizens safe during extreme cold weather: the Egan Warming Center.

They reached out to faith communities, government agencies, private businesses, nonprofits, and individuals who were also committed to making a difference. Today Egan involves dozens of community partners, has engaged over 400 volunteers, and serves over 400 people annually when temperatures drop below 30 degrees. It’s also saving lives.

All of us should be inspired by the work of these volunteers and recognize our own capacity to make a difference. Whether it’s volunteering your time, making a donation, shopping at our stores, or telling others about our work, everyone can do something to give back.

This annual report documents the progress of a whole range of St. Vincent de Paul’s outreach this past year. It’s been a fruitful year and we are proud of the many accomplishments, made with your help. My hope is that you will get a glimpse of the difference you are helping us make in the lives of our neighbors in need. Thank you for everything you do and please continue partnering with us in this important work.

Warmly,

Terry McDonald
Executive Director
The Lamb Building

Completed in October 2010, the Lamb Building is a four story mixed use building consisting of ground floor commercial space and 35 one bedroom housing units. The building is named for longtime volunteer and Board member Don Lamb.

These affordable units are rented to individuals and couples at or below 50% and 60% of the area median income. Each unit features high speed internet and common amenities include a community room, outdoor terrace, and on-site laundry. This housing is conveniently located with access to public transportation and in close proximity to shopping, food service, social service programs, and other urban amenities.

Energy efficient measures at the Lamb Building will result in 32% savings overall. This includes a high efficiency heating and cooling system, solar water heating, fluorescent lighting fixtures, and EnergyStar appliances. These measures will save tenants money on their utility bills, further enhancing the project’s overall affordability.

The Lamb Building is a model of sustainable, environmentally-sound building principles.
Affordable Housing

St. Vincent de Paul provides beautiful, quality, affordable rental housing in Lane and Marion counties. Over 1,000 units of housing have been developed since 1988.

Connections Transitional Housing Program
Connections helps homeless families transition from repeated episodes of homelessness to stability. Intensive case management, innovative and appropriate services, and affordable housing for up to two years help families break the cycle of homelessness. Twenty-one families graduated in 2010.

Living Independently Following Treatment (LIFT)
The LIFT Program provides permanent housing for 18 individuals/families annually. Participants have clinically assessed co-occurring mental illnesses with addictions and are in recovery having received inpatient treatment. Currently, LIFT is serving eight individuals and ten families.

Resident Services Program
Resident Services provide information and referral, educational, recreational, and community building services to assist with providing stability to residents in St. Vincent de Paul’s affordable housing. Coordinators of the program offer information, referral intervention services (eviction prevention, conflict resolution, and crisis intervention), education and recreational activities.

Valley Individual Development Account Program (VIDA)
VIDA helps households achieve major life and financial goals through matched savings, training, and support. Since 2002, VIDA has graduated 34; eight people graduated in 2010.

Veterans Living Independently Following Treatment (Vet LIFT)
Vet LIFT provides assistance to homeless veterans who are dually diagnosed with substance abuse and mental health issues. Vet LIFT’s goals are to help veterans access permanent housing and obtain benefits to which they are entitled, while increasing income and job skills. Currently, Vet LIFT manages 34 units for chronically homeless veterans.
Change for Change

Change for Change is a new fundraiser that utilizes bright red parking meters to collect coins to help homeless community members. Since the project’s beginning in the spring of 2010, over $3,000 has been raised to help provide meals and showers to folks who are homeless.

“It’s pretty amazing,” said Springfield City Councilor Terri Leezer (shown above far right), who helped launch the project.

Shown above, from left, are Terry McDonald; church members Gretchen Simas, Pastor John Linn, Dean Burkhart; and Terri Leezer at one of the newest meter locations, Central Lutheran Church.
Emergency Services

Atkinson Food Room
At the Food Room, clients select their own items, choosing what best suits the needs of their family. This approach decreases wasted food and is more like shopping at a grocery store, helping people maintain their dignity.

In 2010, more than 12,300 food boxes and 2,000 holiday food boxes were provided to people and families in need.

Social Service Office
The Social Service Office provides emergency services to low-income families and individuals, in conjunction with our fifteen parish conferences. Services include emergency rent/utility assistance to prevent homelessness, prescriptions, propane for heating, bus tokens, and much more. Dedicated volunteers and staff provide emergency aid to more than 64,000 adults each year.

In 2010, the Social Service Office distributed:

<table>
<thead>
<tr>
<th>Service</th>
<th>Amount</th>

Eugene Grocery Outlet’s Elizabeth & Mike Griego (left) donated generously to the Turkey Drive. Shown with Betty Snowden, Turkey Drive spokesperson.

Single mom Brittanie, with daughter Lindsey (age 4) are grateful for their monthly food box.

Red and Ethyl get by on their Social Security Income, but were happy to get a little extra help with a food box.
Egan Warming Center

It could have been another endless dawn spent shivering along the Willamette riverbank or near an overpass out west of Santa Clara. Instead, Russ and Debbie greeted the Thanksgiving frost in the doorway of a neighborhood church where they had enjoyed safe rest, real food, and warm hospitality. Russ and Debbie are among the hundreds of homeless adults and teens in Lane County who come in from the cold thanks to the Egan Warming Center (EWC). Over 2,000 shelter beds were provided from November 2010 to February 2011.

Borne of communitywide shock after local veteran Thomas Egan froze to death in 2008, the EWC has evolved into a caring coalition of faith communities, businesses, public agencies, and individuals dedicated to the service of others. Administered for a second year by St. Vincent de Paul, the EWC provides shelter, sleeping pads, food, blankets, and simple hospitality from Nov. 15 through March, whenever the temperature is forecast below 30 degrees.

Help and volunteers are always welcome! More information is available at eganwarmingcenter.com.
Homeless Services

**Eugene Service Station (ESS)**
The Station provides homeless adults with a warm and welcoming place where they can meet their basic needs (food, day shelter, clothing, laundry, showers, supplies) and get assistance stabilizing their personal crises. The ESS has telephones, message services, computer access, and job and housing referrals.

In 2010, the ESS helped more than 4,270 adults, and gave more than $52,400 in clothing vouchers, 115,000 meals, and over 16,490 showers utilizing solar hot water.

**First Place Family Center**
First Place provides crucial assistance and support to families with children who are in transition due to homelessness, job loss, health issues, or other critical problems. Services help meet families’ immediate needs as well as help promote self-sufficiency.

In 2010, First Place helped 540 families, with over 980 children.

**First Place Kids Center**
The Kids Center offers a safe environment for children three to six years of age while their parents search for housing, work, attend GED classes, etc. More than 250 volunteers helped provide over 4,000 hours of caring for 42 children at this therapeutically-oriented preschool.

**Interfaith Night Shelter**
Night Shelter is a consortium of more than 30 faith communities offering night shelter, food, recreational activities, and comfort to 10-15 families per night, for a total of 54 families helped, throughout the school year (September to June). More than 1,900 volunteers make this outreach possible.

**Overnight Parking Program**
The Parking Programs provide legal camping, free garbage disposal, and portable restrooms to homeless families or adults living in their vehicles.

Twenty-nine families with 39 children were helped in 2010, along with 83 single adults.
Vocational Rehabilitation and the Supported Work Experience (SWEX) clients receiving training
Self-Sufficiency Services

People must have steady employment and decent wages to move out of poverty. Employers need skilled, consistent employees. Self-Sufficiency Services addresses both these goals by helping people with multiple barriers to employment find work. Programs include the following:

**American Recovery & Reinvestment Act (ARRA)**
ARRA Jobs Program helps homeless individuals and families obtain employment readiness skills. 107 people were helped in 2010.

**Ruby Tuesday**
Ruby Tuesday assists disadvantaged women in their quest to find employment in the mainstream workplace by providing professional attire. In 2010, Ruby Tuesday helped 109 people.

**Second Chance Renter’s Rehabilitation**
Second Chance gives people with poor rental and/or credit history the tools they need to regain housing stability. In 2010, Second Chance helped 122 people.

**Veterans In Progress (VIP)**
VIP helps homeless veterans through employment and training. In 2010, VIP helped 33 veterans.

**Vocational Rehabilitation**
The Vocational Rehabilitation program provides skills assessment, training, job placement, and follow-up for adults with multiple barriers to employment. 122 people were helped in 2010. Programs include:

- **Community Work Experience for Youth (C-WEX)** provides paid work experience and training for recent high-school graduates or near graduates who have a documented disability. Eleven people participated in 2010.
- **Summer Work Experience and Training (SWEAT)** is a summer youth job readiness training program. In 2010, SWEAT helped 29 youth.
- **Work Readiness Assessment Program (WRAP)** identifies work readiness and realistic career goals and helped 9 people in 2010.
Recycling in 2010

In 2010, St. Vincent de Paul diverted the following from the landfill:

- Scrap Metal: 6,500,000 lbs.
- Textiles: 3,700,000 lbs.
- Books & Magazines: 1,500,000 lbs.
- Wood Waste: 492,000 lbs.
- Glass: 280,000 lbs.
- Vinyl: 240,000 lbs.
- Belts / Purses: 200,000 lbs.
- Plastic: 200,000 lbs.
- Composite plastic & upholstery foam: 100,000 lbs.
- Electronics/Computers: 100,000 lbs.

In one year, the new Styrofoam recycling program collected 56,160 cubic feet of material!

Total weight diverted in Lane County: 13,312,000 POUNDS!

At our DR³ recycling facility in California, we recycled 118,706 mattresses, diverting from regional landfills: 5,935,300 POUNDS!

SVDP Diverted In 2010: 19,247,300 lbs. from landfills!
Recycling and Stores

St. Vincent de Paul’s recycling-based businesses are central to meeting the agency’s mission. Each business helps meet a quadruple bottom line:

- Provide goods and services to low-income people
- Create jobs with benefits
- Responsibly reuse and recycle materials, keeping them out of landfills
- Generate revenue to support our charitable activities

Appliance Recycling
In Oregon, major appliances, propane tanks, and fire extinguishers cannot be landfilled. Whenever possible, appliances are repaired for resale; the remainder are recycled. Each year, approximately 4,300 appliances are repaired.

Aurora Glass Factory
Unlike bottle glass, window glass has few applications for recycling. Aurora Glass creates architectural accents, gift products and custom awards from recycled window glass. Visit them at www.auroraglass.org and auroraglassawards.org

Eco-Fiber
Through the reuse of post-manufacturing waste products, Eco-Fiber produces fiber batting, which can be used in beds and upholstery stuffing.

Mattress Recycling
St. Vincent de Paul is the world leader in mattress recycling. We obtain mattresses for reuse and recycling in California, Oregon, and Washington.

Retail Sales
We operate 9 retail stores and a car lot in Oregon. The stores create jobs and training, as well as reuse many items that would otherwise end up in landfills.

Styrofoam Recycling
St. Vincent de Paul is now Lane County’s only source for recycling Styrofoam.

Woodshop
Utilizing cut-offs from local wood product manufacturers, the Woodshop produces furniture that is sold in our retail stores or given to low-income families.
Major Events

Events provide a variety of opportunities to support St. Vincent de Paul’s mission. Our 4th annual Dinner Theatre was a huge success and raised more than $123,000 for First Place Family Center. The 11th annual Golf for Kids Tournament raised more than $27,400 for fun and educational after-school activities for more than 400 children living in our affordable housing.

Ways to Give

You can help a single mom, a hungry child, an elderly person, a neighbor through St. Vincent de Paul’s work in Lane County. We invite you to look into one or more of the following ways to express your commitment:

Monthly Giving
Our monthly giving program offers a convenient and efficient way to provide continuing support to those in need in our community. For more information, call 541.743.7144, email tandreas@svdp.us, or visit www.svdp.us

Planned Giving
You can be the change beyond your lifetime by including St. Vincent de Paul in your estate plans. Your legacy gift is a testament to the lasting value you place in our shared work. For information, call 541.743.7121, email rlarson@svdp.us or visit www.svdp.us

Take Hands-On Action Now
More than ever, St. Vincent de Paul is encouraging folks to get involved in the issues and programs that help achieve positive change. For information, call our volunteer coordinator at 541.687.5820.

Stay in Touch
There are many ways to stay updated on what St. Vincent de Paul is doing in Lane County. Visit us at www.svdp.us, sign up for our bi-annual printed newsletter, or our monthly email newsletter. To sign up and for more information, call 541.743.7144 or email askme@svdp.us
