## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
St. Vincent de Paul Society of Lane County, Inc. and Subsidiaries  
Eugene, Oregon

### Report on the Financial Statements

We have audited the accompanying consolidated financial statements of St. Vincent de Paul Society of Lane County, Inc. (a nonprofit organization) and subsidiaries, which comprise the consolidated statements of financial position as of September 30, 2016 and 2015, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## CONSOLIDATED FINANCIAL STATEMENTS

ST. VINCENT DE PAUL SOCIETY OF LANE COUNTY, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**1. Nature of Operations and Summary of Significant Accounting Policies**

**Nature of Operations**

St. Vincent de Paul Society of Lane County, Inc. (the Organization) is a nonprofit organization that creates employment, housing, and multiple training opportunities for low-income people in order to provide avenues out of poverty for those in need. The Organization has formed a sustainable community model that attacks the root causes of poverty and funds these activities with not-for-profit entrepreneurial business ventures.

**Basis of Presentation**

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

*Unrestricted net assets* – Net assets are not subject to donor-imposed stipulations.

*Temporarily restricted net assets* – Net assets subject to donor-imposed stipulations that will be met, either by actions of the Organization and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions. As of September 30, 2016 and 2015, the Organization had \$26,810,419 and \$24,918,639, respectively, of temporarily restricted net assets.

*Permanently restricted net assets* – Net assets subject to donor-imposed stipulations specify that the Organization maintain them permanently. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes. As of September 30, 2016 and 2015, the Organization had no permanently restricted net assets.

**Principles of Consolidation**

The accompanying consolidated financial statements include the accounts of the Organization and those of its wholly owned subsidiaries, De Paul RE Services, Inc.; Marion County Elderly, Inc.; De Paul Property Management, LLC; D Lamb, Inc.; Linn County Affordable Housing Acquisition, LLC; and Society of St. Vincent de Paul of Lane County. Inter-company transactions and balances have been eliminated in consolidation. The Organization is also the General Partner for 15 limited partnerships which are not subject to consolidation.

**Use of Estimates**

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**1. Nature of Operations and Summary of Significant Accounting Policies, continued**

**Description of Programs**

General, Manufacturing, Retail, Warehouses, and Recycling - The Organization operates thrift stores, an economic development department, and a recycling department. Clothing, appliances, furniture, and other durable goods bought at bulk prices, manufactured or donated, are resold to finance the administration of the Organization and special charitable programs.

Housing - The Organization owns, operates, constructs, and renovates housing for low-income families. The low-income housing projects are primarily funded by federal grant programs and rent income.

Services and Training - The Organization, in cooperation with various denominations, operates emergency day and night shelters for the homeless. The Organization also provides emergency medical, food, and other services for the indigent.

**Cash and Cash Equivalents**

All checking accounts, money market mutual funds, and certificates of deposit with original maturities of 90 days or less are treated as cash and cash equivalents in the consolidated statements of financial position and cash flows.

**Accounts Receivable**

Accounts receivable is comprised of amounts due from granting agencies, contracts, and other various receivables. Management evaluates the collectability of accounts receivable on a case-by-case basis and writes off any receivables that have been deemed uncollectible. The allowance is composed of amounts due from former tenants that management has deemed potentially uncollectible. At September 30, 2016 and 2015, accounts receivable is presented net of an allowance of \$65,573 and \$47,685, respectively.

**Accounts Receivable, Related Parties**

Accounts receivable, related parties is comprised primarily of amounts due to the Organization from its limited partnerships for services rendered and fees earned. Management evaluates the collectability of these accounts receivable on a case-by-case basis and writes off any receivables that have been deemed uncollectible. The allowance is composed amounts due where ultimate collectability is uncertain due to the limited available cash flow from those entities. At September 30, 2016 and 2015, accounts receivable, related parties is presented net of an allowance of \$681,419 and \$640,865, respectively.

**Inventory**

Purchased inventory is valued at the lower of cost (first-in, first-out) or market, generally based on an average cost per cubic foot or pounds of merchandise at the end of the year. The Organization also receives donated inventory throughout the year. The value of donated inventory at year end is determined by management based on a cumulative average value of donated inventory received throughout the year.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**1. Nature of Operations and Summary of Significant Accounting Policies, continued**

**Fixed Assets and Intangibles**

Purchased land, buildings, equipment, and intangibles are stated at costs and depreciated over the estimated useful lives of the respective assets on a straight-line basis. Donated assets are stated at their estimated fair market value on the date of donation. For assets constructed by the Organization, cost includes interest during the construction period and other carrying costs. When assets are disposed of, the cost and related accumulated depreciation is removed from the accounts, and any gain or loss is recorded. Items of property and equipment with a cost of \$5,000 or more are capitalized. The estimated useful lives are 30 - 40 years for buildings, 7 - 15 years for improvements, and 5 - 7 years for equipment.

**Investments**

The Organization and its subsidiaries have formed various limited partnerships, 15 of which were in existence as of September 30, 2016 and 2015 (see Note 3). The partnerships were formed to construct and operate affordable housing complexes. These investments are either consolidated or accounted for using the equity method depending on the Organization's direct and indirect ownership interest and the Organization's ability to exercise influence over operations and financial policies. Investments accounted for using the equity method are carried at cost adjusted annually for the Organization's proportionate share of earnings or losses.

**Notes Receivable, Rural Rehabilitation Program**

Notes receivable are stated at their unpaid principal balance plus accrued interest earned. Interest on notes is typically recognized for the first five to seven years of the loan. Interest earned on notes associated with the Rural Rehabilitation Program is calculated using the compound interest method on principal and interest amounts outstanding. Interest earned on all other notes is calculated using the simple interest method on principal amounts outstanding.

Management has elected to provide an allowance for uncollectible notes receivable for the Rural Rehabilitation Program equal to the estimated collection losses that will be incurred. The allowance for loan loss is based upon periodic review of the collectability of the loan in light of historical experiences, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of the underlying collateral, and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available. Once information is available that confirms the amount is uncollectible, the receivable is written off against the allowance.

**Notes Receivable, Related Parties and Interest Receivable, Related Parties**

Notes receivable, related parties, include notes due from the limited partnerships for which the Organization or its subsidiaries are the General Partner. The notes are stated at their unpaid principal balance. Interest on notes is recognized over the term of the loan. The notes are secured by real estate. Management has elected to provide an allowance for uncollectible notes receivable and interest receivable due from related parties. The allowances are based upon expected ability for the respective limited partnerships to pay the debt before or at the time of assumption of the limited partner interest by the Organization which is to occur at some future point in accordance with the respective partnership agreements. This evaluation is inherently subjective as it requires significant estimates that are susceptible to future revisions.

ST. VINCENT DE PAUL SOCIETY OF LANE COUNTY, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**1. Nature of Operations and Summary of Significant Accounting Policies, continued**

**Beneficial Interest in the Net Assets of Related Organization**

During the year ended September 30, 2015, the Organization contributed \$4,888,900 to a related organization, SVDP Leverage Lender (a non-profit organization), which was organized exclusively for the support and benefit of the Organization. The bylaws of SVDP Leverage Lender state that the majority of the board of directors must be individuals who are not then members of the board of directors of the Organization. Due to this stipulation, the Organization is not deemed to have control over SVDP Leverage Lender and, therefore, SVDP Leverage Lender is not required to be consolidated with the Organization for financial reporting under US GAAP. The Organization recognizes its interest in the net assets of the related organization as a beneficial interest in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 958-20-25-2. The amount of the beneficial interest is based on the amount contributed to the related organization and is adjusted annually for the Organization's share of the change in the net assets of the related organization, which is included with gains (losses) on investments on the consolidated statements of activities.

**Income Tax Status**

The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (IRC). The Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(vi). The wholly owned subsidiaries of the Organization have various income tax statuses as follows: De Paul RE Services, Inc. and D, Lamb, Inc. – tax-exempt under IRC Section 501(c)(2); De Paul Property Management, LLC and Linn County Affordable Housing Acquisition, LLC - disregarded entities; Marion County Elderly, Inc. – taxable corporation; and Society of St. Vincent de Paul of Lane Count – tax-exempt under IRC Section 501(c)(3). The Organization and its subsidiaries file applicable tax forms in the U.S. federal jurisdiction, the state of Oregon, and the state of California. The returns are generally subject to examination by taxing authorities for a period of three years after filing.

**Revenue recognition**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Donor-restricted support is recorded as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as a release from restriction.

Grant revenue for expense reimbursement based grants is recognized as qualified expenses are incurred, subject to the amount authorized in the grant agreement. Unreimbursed grant expenses due from grantor agencies are reflected in the consolidated financial statements as receivables and revenues.

Retail sales revenue is recorded when sales are made and is presented net of returns.

Fee for services revenue, including contract services, management fees and partnership reimbursements, and developer fee income, is recognized when the respective service is performed.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

**1. Nature of Operations and Summary of Significant Accounting Policies, continued**

**Donated Services and Materials**

The Organization records the value of donated goods and use of facilities using the estimated fair market value of the donated good at the date of donation. The Organization records the value of donated services when the services meet the criteria for recognition in accordance with U.S. GAAP and there is an objective basis available to measure their value. The donated services included in the consolidated financial statements were valued at the fair market value of similar services. The Organization also receives donated services from a variety of unpaid volunteers who assist with programs in nonspecialized roles. Approximately 25,000 hours were donated by unpaid volunteers in 2016 and 2015. No amounts have been reflected in the consolidated financial statements for these donated hours. Donated materials and supplies are reflected as contributions, in-kind and are valued at the estimated fair market value as of the date the item is received.

**Derivative Financial Instrument Policy – Interest Rate Swap**

The Organization entered into an interest rate swap agreement to manage its interest rate exposure. Interest rate swaps are agreements to exchange interest rate payment streams based on the principal amount. Organization policy requires settlement accounting principles for interest rate swaps in which net interest rate differentials to be paid or received are recorded currently as adjustments to interest expense.

**Advertising Costs**

The Organization’s advertising costs are expensed as incurred.

**2. Cash and Cash Equivalents and Concentration of Credit Risk**

Under the terms of grant agreements, the Organization is required to maintain restricted cash accounts and in some cases segregated bank accounts. The restricted accounts are typically restricted to pay operating expenses of the related programs or as reserves for repairs and replacements on housing projects.

Deposits with financial institutions include bank demand deposits, money market accounts, and certificates of deposit. Deposits held at financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 at each financial institution. Balances held may from time to time exceed federally insured limits. The total bank balance of these accounts were \$4,770,337 and \$4,448,057 for the years ended September 30, 2016 and 2015, respectively. The loans generally accrue interest annually at 1 to 3 percent for the first 5 to 7 years of the loan. The loans are secured by real estate. The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of St. Vincent de Paul Society of Lane County, Inc. and subsidiaries under programs of the federal government for the year ended September 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the consolidated financial statements. The Schedule is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

**2. Summary of Significant Accounting Policies**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors  
St. Vincent de Paul Society of Lane County, Inc. and Subsidiaries  
Eugene, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of St. Vincent de Paul Society of Lane County, Inc. (a nonprofit organization) and subsidiaries (the Organization), which comprise the consolidated statement of financial position as of September 30, 2016 and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 13, 2017.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH  
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors  
St. Vincent de Paul Society of Lane County, Inc. and Subsidiaries

**Report on Compliance for Each Major Federal Program**

We have audited St. Vincent de Paul Society of Lane County, Inc. and subsidiaries' (the Organization) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended September 30, 2016. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the Organization's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

## ***Opinion on Each Major Federal Program***

In our opinion, St. Vincent de Paul Society of Lane County, Inc. and subsidiaries complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2016.

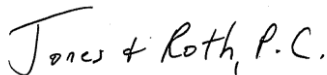

## **Report on Internal Control Over Compliance**

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliances requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
For the Year Ended September 30, 2016

**Prior Year Findings – Consolidated Financial Statement Audit**

**Finding 2015-001**

*Type of Finding:* Material weakness in internal controls over financial reporting

**Condition:** While performing audit procedures, we identified numerous accounts that required adjustment in order to be properly recorded in accordance with U.S. GAAP. Due to the number of audit adjustments required and the dollar amount of some of the adjustments, we are considering this deficiency to be a material weakness in internal control over financial reporting. The misstatements that were discovered as a result of audit procedures that were corrected would have materially misstated the consolidated financial statements if left uncorrected.

**Current Status:** Corrected.

**Findings and Questioned Costs – Major Federal Award Programs Audit**

**Finding 2015-002**

*Type of Finding:* Material weakness in internal control over compliance

*Federal Program:* All federal programs

*Questioned Costs:* None.

**Condition:** While performing audit procedures on the schedule of expenditures of federal awards (SEFA), we noted the internal controls that are currently in place with the intent to identify federal awards and to capture all relevant information for federal awards are not well designed and have not been fully implemented. We also noted a material federal award was not included on the SEFA provided at the commencement of the audit.

**Current Status:** Corrected.
